Let’s Party Like It’s 1969!

On July 20, 1969, the first human from the planet Earth stepped onto another world.

Now, 50 years later, Kaleideum is celebrating the anniversary of this “giant leap for mankind,” NASA’s Apollo 11 mission to the Moon. Throughout our Moonstruck Summer we’ll have special planetarium shows; interactive learning stations; and Moon-inspired storytelling, theatre, and crafts … along with an out-of-this-world Moon Rocks party for ALL AGES on Saturday, July 20, 2019, from 6 to 10 pm.

At Moon Rocks, journey with us to look back at the three adventurers who changed the course of history: Buzz Aldrin, Neil Armstrong, and Michael Collins. We’ll launch a Saturn V model rocket, listen to the real-time audio feed recorded as Armstrong and Aldrin walked on the Moon, and, weather permitting, view the stars through professional telescopes with our friends from Forsyth Astronomical Society.

Get a taste of Mars, too, with Stoo and his friends in a pop-up performance of Peppercorn Theatre’s new play, Stoo’s Famous Martian-American Gumbo!

Relive the 1960s by making tie-dyed bandanas and sampling Tang and Moon Pies from Lowes Foods Reynolda Road. At 8 pm, there will be a showing of the documentary Apollo 11, which recently screened in theaters nationwide (limited seating). And at 10 pm, event-goers can wind up their evening with Pink Floyd’s Dark Side of the Moon laser show in the Planetarium!

In addition, there will be door prizes, science demonstrations, and planetarium shows. Dinner available for purchase from Foothills Brewing and ice cream treats from the Ice Queen. Cash bars hosted by Foothills (beer and wine) and Mayberry Spirits Distillery (mixed drinks and non-alcoholic specialty drinks).

It’s not too late to sign up for Camp Kaleideum

Camps are offered at both locations throughout July and August, many of which are available for pay-by-the-day. Before-care is available at Kaleideum North, and after-care is available at both locations for full-day campers. Register at kaleideum.org.
