- Information Booths

- Information Booths
 - Forsyth Technical Community College
 - Collins Aerospace
- Build a Fort Corrugated Board Challenge

Agile City/Traveling Exhibit Hall

- **Engineering Activities** for Kids provided by S&ME and Wake Engineering
- **3-D Printer Demonstration** with Mixxer
- **Robotics Demonstrations** with Salem Academy

Great Hall

- **Information Booths**
 - Forsyth Technical Community College
 - Collins Aerospace
- **Build a Fort Corrugated Board Challenge** sponsored by WestRock

Auditorium

- **Drone Demonstrations** throughout the Day Sponsored by AeroX

Lecture Hall

- **10:15 am – STEAM Storytime.**
Sponsored by Leap into Science and Truist. We'll read "Blackout," a story about a family that experiences a loss of power and then explore how light and shadow work together by using flashlights, mirrors and blocks.
- **11:30 am-2 pm – Paper Clip Sculptures.**
Learn how to solder and create one-of-a-kind structures using paper clips.

KevaWorks

- **Economy and First Class Airplane Seat Display** provided by Collins Aerospace
- **Water Cycle Activity** provided by HDR, Inc

Mountains to Sea

- **Information Booths**
 - SKA Consulting Engineers
 - Engineering Consulting Services
 - Geo Tech
 - Cook Medical
 - Terracon

Learning Lab 1

- **Origami Engineering** with Stantec
- **Information Booth** with Blum
- **Displays and Giveaways** with Wake Forest Center for Regenerative Medicine

Food Works

- **10 am-Noon: Children's Business Fair.** Children develop a brand, create a product or service, build a marketing strategy, and then open for customers at the fair!
