

Camp Kaleideum

Summer 2024

Kaleideum

Camp Kaleideum Information

2024 Camp Prices

Half-Day Camps – 9 am-12:30 pm

- Ages 3 and 4 (*Campers need to have independent bathroom skills*)

\$125 member | \$150 non-member

Full-Day Camps – 9 am-4 pm

- Rising Kindergarten
- Rising 1st - Rising 2nd Graders
- Rising 3rd-Rising 4th Graders
- Rising 5th-Rising 6th Graders

\$250 member | \$300 non-member

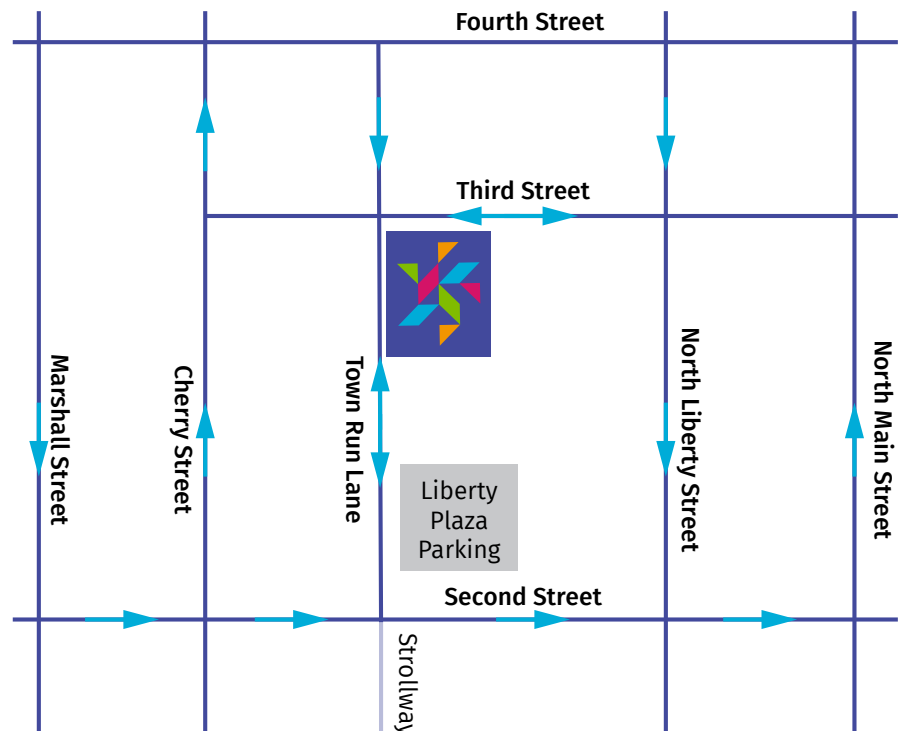

Before- and After-Care

- Before-Care – 8-8:45 am:
\$5 per day per child
- After-Care – 4-5:30 pm: *
\$10 per day per child

** After-Care is not offered for half-day camps. See next page for additional information.*

Camp Location

Camp will be held at our brand new location at 120 West 3rd Street, Winston Salem, NC, 27101. Parking is available in the Liberty Plaza parking deck located behind the museum on Town Run Lane. Car drop-off lines will be located on Town Run Lane. For information on drop-off and pick-up, please see pages 4-5.

Snacks and Lunch

Full-day campers should bring two snacks, lunch, and a water bottle. **Half-day campers** should bring one snack, lunch, and a water bottle.

Camper Clothing

Please send your child in clothing that is comfortable for indoor and outdoor, hands-on, messy activities. Close-toed shoes with socks are preferred. Please, NO flip-flops.

Pre-K and rising Kindergarteners: Just in case, on the first day of camp, please send a labeled bag with an extra set of clothing for your child. If they don't need that change of clothes, we will send the outfit back on Friday. **Campers need to have independent bathroom skills.**

Morning and Afternoon Extended Care

Morning Extended Care is available from 8 to 9 am each morning for all campers. The cost of each session is \$5 per camper per day. **Afternoon Extended Care** for full-day campers is available from 4 to 5:30 pm. The cost of each session is \$10 per camper per day.

Extended Care can be pre-purchased during registration. A limited number of spots are available day of on a first come/first serve basis.

A late fee of \$5 for every 15 minutes late will be charged to parents picking up after 5:30. After the third late fee, your child will no longer be eligible for After-Care and must be picked up no later than 4 pm.

Membership

Information on memberships can be found on our website. All memberships must include the child that is being registered for camp. Multi-camp discounts are no longer being offered.

Registration, Payments, and Cancellations

Pre-registration is required. All payments are due in full upon registration, this includes a non-refundable deposit of \$50. **Registration is available online**, with payment accepted via MasterCard, Visa, American Express, and Discover. You may also register at the Kaleideum Welcome Desk.

Cancellations MUST be made prior to MAY 20, 2024, to be eligible for a refund (minus the \$50 non-refundable deposit). No refunds will be given after this date.

Museums For All Discounts

A limited number of camp applications are eligible for a Museums For All discount:

- \$25 for half-day pre-K
- \$50 for full-day camp

You must register in person to receive this discount and provide proof of eligibility. We accept EBT, WIC, and Second Harvest Link to Feed.

For More Information

If you have questions about Camp Kaleideum, please contact us at scheduling@kaleideum.org.

DROP-OFF

**Drop-off for ALL campers
is 8:45-9:15 am**

HALF-DAY CAMPERS

Caregivers must park and walk their camper into the building through the **group entrance**. You will be directed to the Pre-K classroom; you must walk your camper all the way to their classroom and sign in with the teachers. Please do not let campers walk by themselves. Parking is available in the Liberty Plaza parking deck, as well as street parking, if available.

FULL-DAY CAMPERS

We will have two methods of drop-off. You are free to choose whichever method works best for your needs.

Car Line Drop-off

Car line drop-off will take place in the **bus lane** in front of the museum.

You must approach the building from Town Run Lane, which is accessible from 2nd Street. You will turn right onto 3rd Street and pull into the bus lane. Once in the bus lane, a camp administrator will come up to your car to sign in your camper(s), help them out of the car, and walk them to their camp group.

DO NOT let your camper(s) exit the car before they have been signed in by a staff member.

Caregiver Walk-up

Please park and walk your camper up to the **check-in table** in front of the museum, where a camp administrator will check in your camper. Once signed in, your camper will walk with a Kaleideum staff member to their camp group. Parking is available in the Liberty Plaza parking deck, as well as street parking, if available.

PICK-UP

**Pick-up for HALF-DAY campers
is 12:15-12:30 pm**

Caregivers must park, **walk to the classroom** and sign out their camper. Anyone picking up your child must be listed on their Camper Registration Form (the questions answered

when camp was purchased). Adults will be asked to show a photo ID upon pick-up.

**Pick-up for FULL-DAY campers
is 3:30-4 pm**

For every day of camp, all adults are required to sign out campers by presenting a photo ID showing a name that is listed on the authorized pick-up list. Please have your ID ready to show a camp staff member when you arrive.

We will have two methods of pick-up. You are free to choose whichever method works best for your needs:

Car Line Pick-up

Car line pick-up will take place in the **bus lane** in front of the museum. Approach

the building from Town Run Lane, which is accessible from 2nd street. You will turn right onto 3rd Street and pull into the bus lane. One of our staff will walk the line to check your ID, sign out your camper, and call them out. A staff member will walk your camper(s) out and assist them in loading into your vehicle.

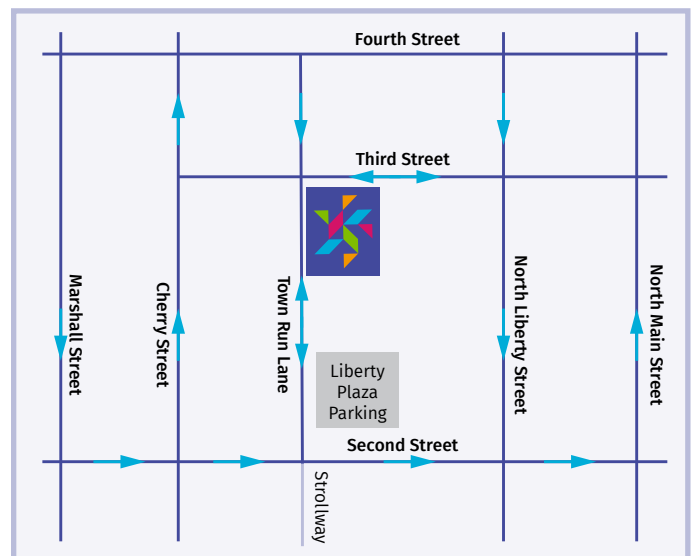

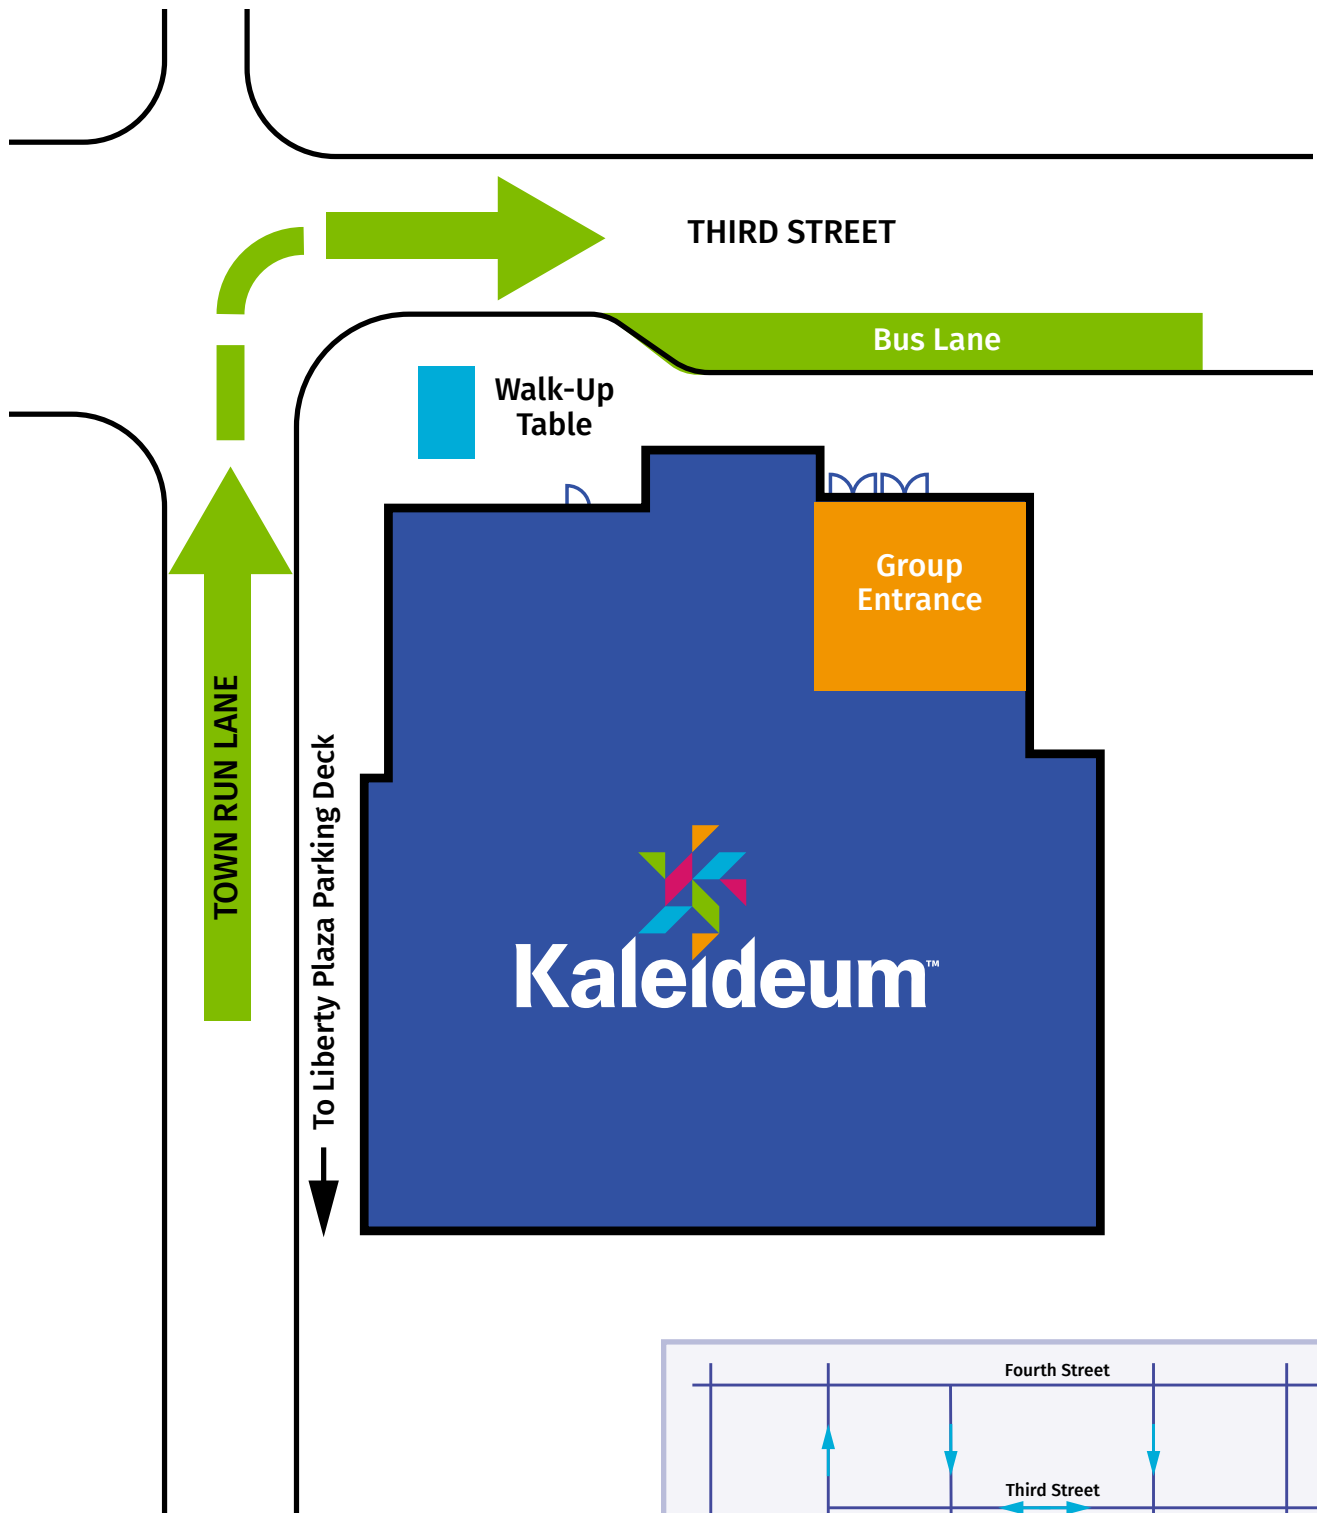

Caregiver Walk-up

Caregiver walk-up will take place outside in front of the museum. After parking, walk to the **check-out table** where a camp administrator will check your ID, sign out your camper, and call them to walk-up. One of our camp staff will walk your camper to you to go home for the day.

If you must come outside of the stated drop-off or pick-up times, please park, walk to the group entrance, and call the camp cell phone number (336) 528-9995. It may take up to 10-15 minutes to sign in or out your camper outside of normal times.

June 3-7

HALF DAY: Ages 3 & 4
9 am-12:30 pm

Member \$125 | Non-member \$150

Ocean Commotion

Do you know what lives in the sea? Sharks, jellyfish, coral, whales, fish, and even manatees. Some are big and some are small, come and discover the mysteries of them all!

Rising Kindergarten
9 am-4 pm

Member \$250 | Non-member \$300

Rising 1st-Rising 2nd Graders
9 am-4 pm

Member \$250 | Non-member \$300

June 10-14

Dance n' Beats

Make some noise and move your feet while we create instruments, lay down some beats, discover new music, and experiment with styles of dance. From ballet to hip hop and classical to rock – we'll dance and sing the whole week!

Ms. Frizzle & Friends

Hop on board the magic school bus and take a fantastic voyage through the world of science! Observe worlds big and small. During this crazy adventure we'll explore the layers of the earth, dive into the ocean, get swept away in a storm, and more!

Superhero Bootcamp

Double tie your sneakers and be ready for some action! Create your own superhero identity, design armor, and build and run obstacle courses as you explore the science of superheroes. Pose for your action shot!

June 17-21

Sticky Icky Science

Stir, mix, paint, and shake your way to create some sticky icky science and art creations. Make slime to ooze through your fingers, create colorful eruptions, fingerpaint, and produce some foamy works of art. Put your apron on and get ready for some messy fun!

Mess it Up!

Play like a scientist with droppers, measuring spoons, flasks, and test tubes while creating explosive works of art! Campers will finger-paint, make slime, meet some slippery slimy animals, and partake in some real messy experiments. Dress to get messy!

Magic Tree House Adventure

Mysterious destinations await as campers join Jack and Annie on a magic tree house adventure. Let your imagination run wild as we battle pirates, run with the dinosaurs, and design your own mini magic tree house.

This symbol means the camp is part of **Prism**, Kaleideum's engineering and innovative initiative.

Prism is supported by the David Mounts Gonzales Foundation (see page 13).

June 3-7

Complex Creations

(Combined with 5th-6th graders.) This hands-on experience invites you to use your imagination through making and building. Design your own cardboard arcade game, create a Rube Goldberg machine, and experiment with force and motion. Put on your hard hat and join us as we explore how simple machines lead to complex creations.

Complex Creations

Design your own cardboard arcade game, create a Rube Goldberg machine, and experiment with force and motion. Put on your hard hat and join us as we explore how simple machines lead to complex creations.

June 10-14

Bricks and Bots

Calling all Lego® enthusiasts — it's time to level up! Conduct Lego® science experiments, design cars, and build mazes using bricks of all colors, shapes, and sizes. Test out your coding skills using Lego® WeDo kits to make your creations come to life!

Gotta Catch 'em All

(Combined with 5th-6th graders.)

Are you ready to complete your own Pokédex? Master the skills you'll need to become a trainer and create your own fantastic creatures. Design habitats for your characters, make your own Pokéball, and go on a fun scavenger hunt to catch 'em all!

Pokémon is a registered trademark of Nintendo, which does not sponsor, authorize or endorse this program.

July 1-5

Fantastic Beasts

They're scaly, feathery, slinky, and fierce! From dragons to unicorns, discover mythical creatures while making dragon eggs and unicorn caves, and perform magical experiments.

Mad Science Lab

Invent and test your own concoctions! Play like a scientist with droppers, measuring spoons, flasks, and test tubes, but watch out for fizzy, slimy, sticky reactions! Put on your lab coats and get ready for some messy fun!

July 8-12

Storybook Science

Dive into magical worlds and bring your favorite storybook characters to life! Campers will experience their favorite stories in a new way by building, exploring, and experimenting alongside their favorite storybook characters.

Masterpiece Makers

Unleash your imagination and discover your inner Picasso! Spend the week exploring art techniques such as painting, sculpting, and more. With a paint brush in hand and a palette of creativity, campers will flourish while producing masterpieces of their own!

Sea Beasts

Dive down into the deep and meet some of the most mysterious sea creatures of the past and present. Find out how many kids could fit inside a megalodon, investigate the movement of a giant squid, learn about bioluminescence, make hagfish slime, and invent some sea beasts of your own.

This symbol means the camp is part of **Prism**, Kaleideum's engineering and innovative initiative. **Prism** is supported by the David Mounts Gonzales Foundation (see page 13).

Rising 1st-Rising 2nd Graders
9 am-4 pm

Member \$250 | Non-member \$300

Code & Create

Join us at the intersection of technology, art, and innovation! Experiment with ozobots and sferos to create unique works of art. Make brick creations come to life with Lego® WeDo and program Bee-Bot robots to follow your commands.

Rising 3rd-Rising 4th Graders
9 am-4 pm

Member \$250 | Non-member \$300

Slime Time

Get ready for sticky, stretchy, messy fun! Try out different slime recipes as we make magnetic, rainbow, and fluffy slimes, as well as explore slime in nature. Experiment with different ingredients to create your own super slime recipe!

Rising 5th-Rising 6th Graders
9 am-4 pm

Member \$250 | Non-member \$300

Minecraft Coding

Explore the basics of coding and learn the code behind Minecraft Education Edition. Compete in code-based challenges and use your coding skills to customize your Minecraft world while learning logical thinking and problem-solving skills.

June 24-28

STEAM'D Up!

Bring out your creative side, it's STEAM week! We will be encouraging dirty, messy, explosive science! Create colorful slime, learn the physics behind pendulums while creating giant works of art, and use your math skills to create optical illusions.

Electrifying Science

Get charged up about energy and optics! Experiment with the Van der Graaf generator and plasma ball to learn about electricity. Play with Snap Circuits and Makey-Makey kits to discover the science of circuits and design your own robotic hand using Hummingbird Robotics.

July 1-5

Mini Makers

Calling all mini makers! Join us for a week of creating and building. Explore a variety of materials and tools while creating cardboard forts, bobbleheads, recycled material creatures, and so much more! Get ready to use your imagination to create your own unique designs.

Minecraft Mania

Explore the basics of coding! From cubes to creepers embark on an adventure through the world of Minecraft and bring it to life one block at a time. Complete daily challenges and design collaborative structures using Minecraft Education Edition.

Slime Time

Get ready for sticky, stretchy, messy fun! Try out different slime recipes as we make magnetic, rainbow, and fluffy slimes, as well as explore slime in nature. Experiment with different ingredients to create your own super slime recipe!

July 8-12

July 15-19

HALF DAY: Ages 3 & 4
9 am-12:30 pm

Member \$125 | Non-member \$150

To Infinity & Beyond

Prepare to blast off as we venture into outer space with the stars, moons, and planets. Hop in our rocket ship as we count stars, explore constellations, journey to other planets, and check out the third planet from the Sun: Earth.

Rising Kindergarten
9 am-4 pm

Member \$250 | Non-member \$300

Expedition Earth

Take a trip around the world! Trek through rainforests, crawl through caves, explore the deep depths of the ocean, and soar through the sky. Each day will be a new adventure as we discover all the amazing things Earth has to offer!

Rising 1st-Rising 2nd Graders
9 am-4 pm

Member \$250 | Non-member \$300

Art-venture

It's hands-on and minds-on in this art adventure! Draw, sculpt, and experiment with different tools and techniques to bring your imagination to life. Create your own firework art, design clay creatures, and paint your way through the rainbow.

July 22-26

Fire and Ice

Take a trip back in time to study the crazy and strange animals that once roamed the planet. Campers will have fun learning about dinosaurs, volcanos, and the Ice Age through making fun crafts, sensory play, and imaginative adventures.

Motors & Motion

Become a junior engineer and design some speedy motion machines! Experiment with motion while racing cars, sailing boats, and launching rockets. Test out some motors by programming Bee-Bot robots to follow your commands.

Time Travelers

Join us as we travel from the past to the present! We'll begin with dinosaurs and end up all the way to NASA and the future beyond. So, hop into our time machine as we blast off to the past and come back to the future!

July 29-August 2

Construction Destruction

Build it up, then break it down! Create amazing buildings and structures using Legos®, Keva blocks, magna-tiles and more, then watch your creations crumble as we find creative ways to knock them down.

Fizz, Bang, Pop

Measure and mix things up with us! Experiment with color change, make raisins dance, measure ingredients, and test chemical reactions while making fizzy brews and rubbery gloop.

Mad Science Lab

Invent and test your own concoctions! Play like a scientist with droppers, measuring spoons, flasks, and test tubes, but watch out for fizzy, slimy, sticky reactions! Put on your lab coats and get ready for some messy fun!

This symbol means the camp is part of **Prism**, Kaleideum's engineering and innovative initiative. **Prism** is supported by the David Mounts Gonzales Foundation (see page 13).

STEMology

It's a smorgasbord of science! Take a crash course in paleontology, zoology, biology, and more. Dig into dinosaur fossils, erupt your own volcano, explore DNA, create an animal habitat, and conduct hands-on experiments in various fields of science.

Rising 5th-Rising 6th Graders 9 am-4 pm

Member \$250 | Non-member \$300

Game On!

Get competitive this week as we learn all about the science behind classic games! Discover the scientific secrets behind old and new favorites and engineer a few of your own. From board games to video games, it's game on this week!

Code & Create

Join us at the intersection of technology, art, and innovation! Experiment with ozobots and sferos to create unique works of art. Make brick creations come to life with Lego® WeDo and program Bee-Bot robots to follow your commands.

The Great Engineering Bake Off

Join Wake Forest University Engineers as we experiment with the chemistry of recipes, use engineering tools such as 3D printers to create one-of-a-kind eats, and put teamwork to the test in Bake-Off challenges. Wrap up the week showcasing your catapult design skills for an end-of-camp food fight!

WAKE FOREST
UNIVERSITY

Department of Engineering

Inventor's Workshop

Put your ingenuity to the test with a week of engineering, prototyping, and inventing. Tackle real world problems by designing shelters, creating tools to clean up oil spills and making an invention of your own. The sky is the limit on what you can create!

Mini Makers

Calling all mini makers! Join us for a week of creating and building. Explore a variety of materials and tools while creating cardboard forts, bobbleheads, recycled material creatures, and so much more! Get ready to use your imagination to create your own unique designs.

Wicked Reactions

Start your week with a BANG! Learn how to create a lasting impact with elephant toothpaste, experiment with acids and bases, and grow your own crystals! Prepare to have your mind blown as you experiment with hands-on chemistry activities and demonstrations.

Coding Adventure

(\$35 equipment fee will be added to camp registration.) Power up your imagination and critical thinking as we create our own video games! Learn coding fundamentals and apply them in multiple languages — from block coding to Python. Design your video game and bring it to life. You'll leave with your very own PyBadge that you can continue to code at home!

Prism is an engineering and innovation initiative made possible by the generous support of the David Mounts Gonzales Foundation. **Prism** encourages Pre-K through 12th grade students living and learning in greater Winston-Salem, NC, to participate in creative, inquiry-based STEAM (science, technology, engineering, arts, and math) learning and exploration in an informal educational setting. Camps with the **Prism** symbol are part of the initiative.

Become a Member

*Join Kaleideum to receive the member rate for camps
AND enjoy the member discount programs that we have throughout the year!*

Enjoy All the Benefits of Kaleideum Membership!

- Free admission for unlimited visits
- 10% discount in the gift shop
- Discounts on Camp Kaleideum
- Discounts on birthday parties
- Free or reduced admission to more than 300 ASTC Science Centers worldwide. Please make sure you show your membership card with the ASTC/ACM sticker on it at other locations.
- 50% off general admission for up to six people at all museums participating in the ACM Reciprocal Program. Please make sure you show your large membership card with the ASTC/ACM sticker on it at other locations.

Memberships purchased online at kaleideum.org/support/memberships or by phone are available for immediate use; however, membership cards are typically mailed within a week from purchase date. If you have questions about receiving your new membership card for Kaleideum, please call (336) 767-6730.

Membership Levels

Super Plus: \$500

- Up to 10 individuals living in the household, plus anyone who cares for those individuals such as nannies, one-on-one, babysitter, etc.
- Reciprocal benefits with museums affiliated with ASTC and ACM*.
- Free parking in the Liberty Plaza Parking Deck when visiting the museum.
- Donation to the Kaleideum Annual Fund.

Super: \$250

- Up to 10 individuals living in the household, plus anyone who cares for those individuals such as nannies, one-on-one, babysitter, etc.
- Reciprocal benefits with museums affiliated with ASTC and ACM*.

Quadruple: \$200

- Four individuals
- Reciprocal benefits with museums affiliated with ASTC and ACM*.

Triple: \$175

- Three individuals
- Reciprocal benefits with museums affiliated with ASTC and ACM*.

Double: \$150

- Two individuals
- Reciprocal benefits with museums affiliated with ASTC and ACM*.

Single: \$125

- Single adult
- Reciprocal benefits with museums affiliated with ASTC and ACM*.

*ASTC is the Association of Science Technology Centers. ACM is the Association of Children's Museums. For more information about these and other membership benefits, visit kaleideum.org/support/memberships.

Membership fees are subject to applicable NC State Sales and Use Tax.
