Behavior

At Camp Kaleideum, we are a Community of Learners. At the start of each day—campers and educators gather together to create a list of behavior expectations for the week. Campers are encouraged to think about the way they would like to be treated, and how they will treat others. Camp staff promote positive behavior and group interaction by:

- Providing structure and giving campers clear expectations
- Providing developmentally appropriate activities that challenge campers
- Reinforcing positive behavior
- Helping campers understand what behavior is appropriate
- Redirecting campers who act inappropriately and using natural consequences

In instances when a camper is overwhelmed, overstimulated, verbally aggressive, and/or physically aggressive, they will be instructed to take a break away from the group in a public space where they feel safe and can speak quietly with a Kaleideum staff member.

Any inappropriate behavior by a camper that threatens their physical or emotional safety, or the physical or emotional safety of another camper, museum guest, or staff member will be grounds for disciplinary action, which may include counseling or removal from the camp activity. A Camp Kaleideum Behavior Report will be filled out to document the interaction and reviewed with the grownup. Be aware that repeated Behavior reports may result in your child not being allowed to attend future camps. Please emphasize to your child that appropriate behavior is expected to ensure that all campers have a good time.
